EuroSciCon Ltd takes great pleasure in inviting the scientific community across the globe to the International conference on Gynecology and Obstetrics during October 07-08, 2020 at Barcelona, Spain. This meeting will explore advances in the Gynaecology

The conference will serve as a platform to bring together young scientist, leading scientists, researchers, organizations and all representatives of company sectors with different specialities such as Gynaecology. This event is an open forum specifically dedicated for young investigators (i.e. students, PhD candidates and early stage postdocs) working in all fields in the broader area of Gynaecology. This forum will not only discuss state-of-the-art science to broaden the scientific knowledge of the participants but allow the young researchers to benefit as well from several specifically designed interactive sessions to advance their own career/research. In particular, the forum aims to foster the spirit of teamwork among the participants, providing the opportunity to network globally and to establish own professional networks.
