

Emerging Technologies and Practical Approaches in field of Diabetes, Nutrition and Obesity

Baojun Xu

Beijing Normal University-Hong Kong Baptist University, China, E-mail: baojunxu@uic.edu.hk

We cordially invite you to attend [19th International Conference on Diabetes, Nutrition, Obesity and Eating Disorders held in Florence, Italy during April 20-21, 2020](#) which is initiated with the theme "Cutting-Edge Information on Nutrition, Diabetes, and Obesity to enhance Wellness in all Healthcare Settings".

[Diabetes Europe 2020](#) is a global platform to discuss and also where you can learn and build a strong network as well as explore various researches in the field of Diabetes, Endocrinology, Nutrition, Obesity and Eating Disorders, its related areas of medicine. Which ensures an excellent platform for global networking as it brings together the decorous amenities like leading researchers, scholars, scientists, professors from fields of Health care, Diabetologists, Endocrinologists, Obesity Surgeons, Psychiatrists, Nutritionists, Physicians, Nurse practitioners across the globe to a most exciting and memorable scientific meeting to announce and witness the latest scientific frontier novelties in [Diabetes, Nutrition, Obesity and Eating Disorders](#).

[Nutrition and Eating Disorders 2020](#) developments are maintaining their momentum. Nutrition Conference program delves into strategic discussions. Nutrition Conference Committee is intended to honour prestigious award for talented Young researchers, scientists, Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty in recognition of their outstanding contribution towards the conference theme. The Young Scientist Awards make every effort in providing a strong professional development opportunity for early career academicians by meeting experts to exchange and also share their experiences on all aspects of Nutrition, Diabetes and Obesity.

Attending the Nutrition and Eating Disorders 2020 conference will provide an opportunity to network with your peers, exchange expertise and experiences, and arm yourself with the latest information to take your departments to the next level. The small effort can put by the **Nutrition and Eating Disorders conference** will help in taking a giant step in the field of Health care sector. Explore and learn the latest trends in research, present before distinguished global audience. Collaborate, build partnerships and also experience **Florence**. Share your research findings and get

recognition for your work from all over the world under a **single roof** at Nutrition and Eating Disorders 2020. World renowned speakers, interesting techniques, latest updates in Obesity, Endocrinology and also stimulating the field of genuine extent hallmarks of this conference

Young Research's Awards at Nutrition and Eating Disorders 2020 for the Nomination: Young Researcher Forum - Outstanding Masters/Ph.D./Post Doctorate thesis work Presentation, only 25 presentations acceptable at the Nutrition and Eating Disorders 2020 young research forum.

Benefits

Our conferences provide best Platform for your research through oral presentations.

Learn about career improvement with all the latest advanced technologies by networking.

Young Scientists will get appropriate and timely information by this Forum.

Our conferences provide a unique platform to Young Researchers and also Investigators for presenting their latest research projects, ideas and the excitement that goes with them

Exposure to the latest advanced research tools and technologies in the field for specific research.

A platform for collaboration among young researchers for better development.

Networking and establishing collaboration among the young researchers and diverse institutions

Provide an opportunity for research interaction and also established senior investigators across the globe in the field.

Expansion of opportunity for collegial interaction with other young investigators and also established senior investigators across the globe.

Share the ideas with both eminent researchers and mentors.

Possibility to interact and share their ideas with both peer groups and mentors.

Opportunity for young researchers to learn about other 'cutting edge' research area fields.

Conferences provide an awesome platform to all

budding scientists and researchers to present their 'real-time research' and share their views and thoughts

It's a great privilege for young researchers to learn about the research areas for expanding their research knowledge.

Entitlement

Young Investigators, Post-Graduate students, Post-doctoral fellows, Trainees, Junior faculty with a minimum of 5 years of research experience

Presentation must be into scientific sessions of the conference.

Each Young Researcher / Young Scientist can submit only one paper (as first author or co-author).

Age limit-Under 35yrs

All submissions must be in English.

Nutrition Eating Disorders 2020 provides best platform to expand your network, where you can meet scientists, authorities and CROs from around the world. It's your time to grab the opportunity to join **Nutrition Eating Disorders 2020** for promoting your research article and to facilitate prestigious award in all categories. In this fame, we look forward for your contribution and astonishing dedication to make our **Nutrition Eating Disorders 2020** more successful.
